about us?

Smartmoon Tech was founded in 2020 with a commitment to delivering reliable and innovative electrical solutions. We specialize in the sale, supply, and installation of electrical materials, serving clients across diverse industries with

Our operations cover a wide spectrum of services, including: Supply of electrical materials such as Transformers, armoured cables, overhead materials, aluminium conductor, rmu, ladders etc.

Supply and installation of solar systems, including panels, inverters, and batteries, tailored to meet residential, commercial, and industrial energy needs.

High-tension and low-tension materials supply, supporting power distribution projects of varying scales.

Technical support and consultancy, helping clients design, plan, and execute efficient electrical and solar projects.

Our Vision

To become a trusted leader in electrical and energy solutions, recognized for quality, innovation, and customer satisfaction.

Our Mission

To supply high-quality electrical materials and energy solutions that power safe, reliable, and efficient projects for our customers.

Core Values

Quality First – We provide only tested and reliable electrical products.

Customer Focus – Our customers' success is our priority.

Integrity – We do business with honesty and transparency.

Reliability – We deliver on time and stand by our products.

Innovation – We embrace modern electrical and energy solutions.

Safety – We promote safe installations and industry best practices.

SMARTMOON TECH
